

SPIRE Symposium Proposal

Students' Name: Danielle Pitts, Jake Saintcross, Joshua Soumphon

Major: Computer Science

Tuesday Course Schedule Conflicts: N/A

Title of project: Student Shift Visualization Tool

Abstract:

Student Shift is here to help bridge the information gap between students and life after graduation. This tool is a web-based data analytics and visualization platform that takes a populated database of post-graduate data, analyzes it based on query, and provides visuals of past students' academic trajectory and employment.

Presentation format: Talk/Demonstration

Equipment needed: Desktop Computer, Internet Access, Projector

Student email: dep7@hood.edu, JES20@hood.edu, jls66@hood.edu

Student Number: (Danielle) 443-822-3432, (Jake) 240-357-7027, (Joshua) 301-825-2584

Faculty mentor: George Dimitoglou

Faculty mentor email: dimitoglou@hood.edu
